Hon. George H. Munroe placed in the window of the Daily News office this morning, several handsome specimens of grape fruit and oranges from the Munroe & Stevens groves.

Messrs. Munroe & Stevens' crop this season has been short, as it has been with all the growers, but their fruit as usual has been fine and they have been getting good prices, especially for grape fruit. They have shipped the bulk of their fruit, but sent out a car Saturday and another today, to Chicago which Mr. Munroe says was particularly fine both in appearance and size of fruit.

LYMAN TWIN BROTHERS APPEAR HERE TONIGHT.

The largest and most pleasing musical comedy attraction of the season will be seen at the New Daytona theater tonight and tomorrow night, when the famous comedians, "The Lyman Twin Brothers" appear with their excellent company in the season's big success "The Speculators." This wonderful twin star comedy contains an abundance of big features, pleasing novels, a daisy chorus of pretty girls, funny comedians and a beautiful display of electrical effects, never before seen with this class of production. This new success was written expressly for these young stars like all others in which they have appeared, with wonderful success but from the way "The Speculators" is meeting with approval from both press and public, they have outdone all previous attempts in this production, carrying a large company and all necessary scenic equipment complete.

Those witnessing the performance of these clever young comedians and their remarkable company will be given a treat seldom offered to the theater going public.

BEAR FRIGHTENS HORSE AND RUNAWAY RESULTS.

Beach street was the scene of a little excitement Monday afternoon, when a livery horse from a local stable caught sight of one of the performing bears in the city park and proceeded to start things. The runaway started near the city hall and ended in Malway, when Officer Humphries recovered the frightened equine. While on its mad dash up Beach street the horse narrowly missed several automobiles and conveyances, finally striking the fender of a New Smyrna automobile near Mills' cafe. Mayor H. T. Trous was motoring along Beach street and had to turn into a clump of palm trees to keep from being struck. When near Pete Rodgers' place the driver, Mr. Harrington, said to be from Yonkers, N. Y., was thrown out and slightly scratched and bruised about the face. The left fore wheel of the buggy going to pieces was probably the cause of the driver losing his balance.

STRIKERS FIRED ON BY SOLDIERS

MOB CROSSING RIVER ON ICE REFUSES TO COME TO A HALT

CITY OF LAWRENCE NOW UNDER MARTIAL LAW AND NO MASS MEETINGS OR GATHERINGS ARE PERMITTED.

LAWRENCE, Mass., Jan. 30—For the first time since the thousands of textile workers went out on a strike in this city the soldiers were compelled to fire on the strikers at dawn today.

The soldiers detected a body of men crossing the Merrimack river on the ice and headed toward the United woolen mill. The order to halt went from the soldiers, but the men kept on until the shots were fired, then the strikers scattered in every direction. It is not believed any of the men were injured.

Colonel Sweetser today issued orders that no parades, mass meetings, demonstrations or gatherings of strikers will be permitted in any of the public streets.

Commander Musk of the local post of the Grand Army of the Republic today protested to the mayor against the strikers being permitted to carry the American flag. Orders have been issued to the militia not to salute the flag when carried by the strikers.

John Breen, son of a former mayor of the city, has been arrested for "planting" the dynamite found here recently. He was arraigned in court, pleaded not guilty and is being held in \$2,000 bail.

John Kanny, aged 18, a striker, was bayoneted back by a soldier today, when the troops charged a mob which refused to disperse, and is in a local hospital in a dying condition.

MANAGER SNEAD IS LIVING UP TO HIS EARLY ANNOUNCEMENT

WILL CONTINUE TO FURNISH PEOPLE OF DAYTONA WITH ONLY HIGH CLASS ATTRACTIONS THIS SEASON.

With the coming of the Lyman Twins to the New Daytona theater tonight and tomorrow night Manager W. S. Snead is sustaining the reputation he has made during the present season of giving to the people of this city only good shows. At the start of the season the manager of the New Daytona theater made the announcement that only the best shows possible to bring here would be presented to the Daytona people this season and the local manager has made his announcement good.

The entertainments presented by Manager Snead to the people of this city up to this time have been as high class as anybody could expect or desire, considering the long jump necessary for every company to come to Daytona and the amount of business which could be reasonably expected in this city.

In spite of the efforts of Manager Snead to please the people of Daytona by bringing only high class attractions here the patronage given these entertainments has not been what it should have been and it will require better attendance at the shows during the remainder of the season to insure a good class of shows at the New Daytona theater in future seasons.

Manager Snead will continue his policy of bringing only high class attractions to the local playhouse during the remainder of the season and the patronage will determine whether the people here will be given a cheaper class of shows in future seasons.

W. A. Wilcox, of New York, who has been in the city for several weeks departed Monday afternoon for Uscappa Island, on the gulf coast, near Boca Grande, to assume the management of the Tarpon Inn. The hotel and island, about 100 acres in extent, are owned by a New York company.

Never Changed in Nature.
The bees which have lived longest in the woods undisturbed by man would if transferred from their wild abode to a hive and brought out to a modern apiary be as much at home and as tractable to man and his methods as any bees in the yard. Their type, habits and instincts remain unchanged whether wild or in so-called domestication.

Dangerous Wax.
Not many persons know that the preserving wax used in jellies is highly explosive. It should be placed in a small teapot, and the vessel must be only half full when ready for use. Be careful of the drip when replacing it on the stove. Several accidents this season have proclaimed its dangerous features.

Promotion Shoots.
A wise old financier confides he has often found it valuable to put a stupid man on a promotion scheme. He understands weeball, and this is the way he explains it: A great batter doesn't expect to see a ball come to him straight over the plate; when the dolt promoter puts his straight over the plate it catches some of the keenest of 'em napping.

HEARD ON THE STREETS

Those famous comedians, the Lyman Twins, with their big company, will be here tonight and tomorrow night.

Morris Niver, who had been confined to his home by illness for a week or ten days was able to be out and around again Saturday.

*ROOM WANTED—By respectable young man (clerk) for the year, state price. Box N, city. 49-4t

The local train from the north Monday afternoon, furnished, probably, the largest number of arrivals of any one time so far this season.

George Wray returned Monday afternoon from Orlando, where he had been for a week or more attending to business matters and visiting his daughter and her family.

Morgan Robinson arrived Monday afternoon from Oswego, N. Y., and joined Byron Stewart at Mrs. N. Erickson's on Cottage avenue. Mr. Robinson was here two years ago with Mr. Stewart.

Meedames J. W. Shields and E. L. O'Neill returned Monday afternoon from Miami, where they had been since the preceding Thursday. They were pleased with Miami and enjoyed their visit, but found it much warmer than at Daytona.

Dudley Olin of Colorado Springs, Colo., who has been visiting his sister, Mrs. E. L. Bond of Orange avenue, after a separation of 30 years, departed Monday afternoon for New Orleans, La., enroute to Colorado Springs.

*WANTED—To rent a furnished cottage for two or three weeks. Willing to vacate immediately if owner secures tenant for season. Advise rental price, size, addressing A. C. Martin, Post Office box 1601, Atlanta, Ga. 50-3t

To give an idea in advance of the news which will be found in the Jacksonville Times Union arrangements have been made for a bulletin service in this city. Bulletins of the news which will be found in the paper when it arrives after noon will be shown here during the forenoon.

W. D. Cowan, whose resignation as night watchman will take effect the end of this month, will the first of February assume his position as floor manager of the skating rink at the Arcade Amusement hall. Mr. Cowan should prove popular in this position as he is courteous, experienced and well known in Daytona.

*WANTED—To rent automobile. Responsible party desires automobile one or two weeks at weekly rate. No driver required as party has driven one car for eight years. Will supply gasoline, oil, etc. and give guarantee against damage. Daytona-Atlanta references furnished. Address A. C. Martin, Postoffice box 1601, Atlanta, Ga. 50-3t

*Let the Daily News job department figure on that printing matter.

The season is now open for mullet and these favorite fish may now be taken and supplied by dealers to their customers.

Many pretty girls, dainty costumes, funny comedians, and clever specialties will be seen here with the Lyman Twins in "The Speculators" tonight.

C. M. Rogers, of the firm of D. D. & C. M. Rogers, civil engineers, went down to the Titusville office of the firm Monday afternoon, to remain during the week.

Miss Etta Long arrived Monday afternoon from St. Marys, Ga., to assist her brother, Dr. S. M. Long, in his dental office during the balance of the season.

*FOR RENT—Furnished, 3 room bungalow. Apply 418 S. Palmetto avenue.

Messrs. J. B. Davis and Thomas Parish of Richwood, Ohio, returned Saturday from a week's trip to Havana, Cuba, and other points south and rejoined their wives at the Van Dorn house on Myrtle avenue.

Mrs. Nellie C. Goodman of New York City, is among the recent arrivals in the city. Mrs. Goodman, who has friends in Daytona, is again at La Crosse Villa to remain until the first of May.

Mrs. M. Anna Beall and daughter, Miss Effie Violet Beall, of Alton, Ill., arrived last week and are located for a time with Mr. and Mrs. P. D. Spring on Ivy Lane, before continuing their journey to Palm Beach.

F. A. Seaman of Perth Amboy, N. J., who has spent several previous seasons in this city, is again at the Willmer hotel for the balance of the winter. Mr. Seaman is a prominent druggist of Perth Amboy, conducting several stores in that city.

Henry Klee arrived Monday afternoon from Brooklyn, N. Y., and will visit his daughter, Mrs. L. E. Ellenwood, and family at their home on Bay street until some time in March. Mr. Klee, who has previously visited Daytona, is accompanied by a friend, Henry Doscher, also of Brooklyn, who is a guest at the Granite hotel.

The regular monthly meeting of the W. C. T. U. was held in Social hall Friday of last week. There were a number of visitors present and after the transaction of business several interesting papers were read and very interesting remarks were made by a number of the visitors. One new member was added to the union.

Next Saturday and Sunday being an open day the J. A. Coburn minstrel show will stop off here enroute north and Sunday it is planned to charter a boat for a trip up the Tomoka river in order that Dick Foster, who made such a hit with his "Down by the Old Mill Stream," in his first visit here with the show, and others new to this state, may have a chance to view real tropical scenery. It is hoped that by the time the show reaches here the member now in the Bohannon hospital on First avenue, Mr. Johnson, will be able to take in the trip with the rest of the company. He was left in the hospital here threatened with pneumonia.

If These Towns

with the best of fire-fighting equipment can burn why not Daytona?

NEW YORK, Jan. 10—The fire in the Equitable Life Assurance company's building, which started yesterday morning and gutted the big granite and marble structure, is still burning today and the city firemen are working hard to subdue the flames.

Between \$1,000,000 and \$1,500,000 worth of securities are locked in the vaults of the big building and the vaults in the ruins are being strongly guarded by a cordon of police.

It is now known that seven lives have been lost in the fire and others may be in the ruins.

The Equitable officers declared today that none of the policyholders will lose a cent because of the disaster. By hard work the firemen have been able to keep the blaze from spreading to other structures in the vicinity.

Big Plant Destroyed—

EAST ST. LOUIS, Ill., Jan. 10—Three acres of buildings comprising the plant of the Commercial Acid company two miles south of this city were destroyed by fire this morning. The cause of the blaze was an explosion and the loss will amount to \$200,000.

Boston Tenement Burns—

BOSTON, Jan. 10—The four-story tenement building at No. 10 Willard street burned this morning. Two women and one man, all Italians, were burned to death and many were rescued from death by the forming of a human chain to a nearby building.

Many Buildings Burned—

BERKLEY SPRINGS, W. Va., Jan. 10—Two business blocks, five residences and a church were destroyed by fire here this morning. The blaze originated in a bakery and the total loss will reach \$150,000.

Bad Fire in Chicago—

CHICAGO, Jan. 10—The warehouse of the Creamery Package Manufacturing company on West Kinzie street was destroyed by fire this morning with a loss of \$100,000. In the Northland hotel, next door, 400 guests were thrown into a panic and all were driven out into the streets in the zero weather when the roof of the hotel caught fire.

AUTO PARTY HAS LEFT MIAMI ON THE RETURN TO DAYTONA
Charles A. Boseley and party have completed their automobile trip to Miami and are probably now on the return to this city or Holly Hill, where they are spending the winter.

A card from Mr. Boseley, dated Miami, Jan. 29, reads as follows: "Leaving here today for Daytona, stopping at different towns enroute. Will have rock roads for the first 115 miles. Am delighted with the climate here. Florida sure has wonderful resources."

HANDICAP BOAT RACES MORE ENTRIES DESIRED.
Lovers of water sports are arranging a handicap race for motor boats to be run next Sunday, the distance to be three times around the Halifax River Yacht course, the prize to be a drum of gasoline.

A number of local entries have already been made and others have signified their intentions of getting into the contest but it is hoped by this notice to interest parties at Ormond and other points around Daytona in order that the race may be made really exciting and other races arranged during the season.

Entries to date are Keon Kutter, J. K. Maley, Hardware, Harry Gardner, Bear Cat, Murray Fox, White Streak, A. McDonald, Tarpon, W. S. McGregor.

The wife would be much pleased with a pair of those shears being given away by the Gazette-News. You can find out all about them at the Gazette-News office.

DAYTONA LETTERS MAKE HIM LONG FOR FLORIDA.
Morris J. Gladke of Elmira, N. Y., who is spending the season in this city with his family, has been writing to his friends at home of the advantages of Daytona as a place in which to spend the winter months and H. S. Brooks, proprietor of the Elmira Telegram replies under date of Jan. 20, in part as follows: "Thanks for letter of 17th. Makes me feel good to read about such things as flowers and sunshine while freezing in wintry blazes with the mercury monkeying around zero and sometimes 26 below. I am not so young as I was 30 years ago and I have made up my mind that this is the last winter I will remain in this state."

A good pair of shears presented to each subscriber of the Gazette-News paying a year in advance. Enquire for them at the office.

Elxir of Life for Steel.
For mankind, as yet, the elxir of life remains undiscovered; but for steel it has been found. The element vanadium, when added in certain predetermined and small proportions, gives to steel the combined properties of increased tensile strength, higher elastic limit and greater ductility. Strength, toughness, elasticity, united with freedom from crystallization—these are the life-giving properties which vanadium imparts to steel, properties which raise its endurance to meet the burdens which are daily increasing upon it.

Foiled Only Himself.
There was an American once who stayed so long in England that he imagined he had not only got quit of the "American manner," but had shed the Trans-Atlantic accent. He deceived many and was happy until the day of his return. "First-class to Liverpool, how much?" said he to the booking clerk at Euston. "Five dollars and a half, colonel," promptly replied the clerk, and the illusion was shattered forever. It's a matter of intonation when we are all speaking the same words.

Two Classes.
The people of this world are divided into two classes—those who are able to have drawing-rooms when they start on their wedding journeys and those who are not.
